Embrace the Spring

*Now that the Winter is behind us,
The Spring is around us,
Roxbury Community College at the
Crossing
Is weaving a future ahead of us.*

*With frustration and dedication,
With pain and pride,
We, like the birds and flowers are
striving for the sun
And reaching for the sky.*

*We know the route ahead is
bumpy,
The weather awaiting is stormy.
But we believe
What we reap is what we sow.*

*Our seeds of caring and sharing,
commitment and devotion
Will yield fruit of rebirth and
growth.
With this confidence and determi-
nation,
The Spring we embrace.*

MESSAGE FROM

CO-CHAIRS OF THE STEERING COMMITTEE FOR REACCREDITATION

As co-chairs of the Steering Committee for reaccreditation, please allow us to take this opportunity to express our greatest appreciation for your participation and support in the self-study process.

It is your understanding and cooperation that has made our formidable task less difficult and our experience more rewarding.

Thanks to the commitment and diligence of the members of all the committees, the self-study has now entered the second stage where all committees will be submitting their first drafts.

In the forthcoming summer and fall, we will be revising and refining these drafts. Validation of data will be vigorously conducted. Community feedback's will be actively sought. We are striving for a final report that will be a product of collective endeavor and wisdom.

We sincerely believe that this self-study should be a bonding process that elevates all of us to a higher level of understanding, communication, trust, cooperation and commitment. With our strong belief in and commitment to the College, we pledge to lead this self-study process to a great success. And we kindly ask for your continuing participation and support.

Honor Assembly

In celebration of the Honor Assembly April 26th, we are presenting a complete list of all of the students who will be awarded at the assembly in the insert of this newsletter.

News and Updates

Reaccreditation

The institutional self-study process for reaccreditation is being vigorously pursued. All committees are in the middle of collecting data as well as writing the first drafts. To facilitate data collection, a college-wide survey was administered between 10:00AM-3:00PM April 11th in the Auditorium of the Media & Arts Building. April 12th, 5:30PM, the same survey was made available to the part-time faculty. Thanks to the support from faculty, staff and students, we were able to achieve a high response rate. 174 college employees and students participated in the survey.

The survey responses will be analyzed by the National Initiative for Leadership and Effectiveness at North Carolina State University where the survey was designed. We expect a report from them by the end of May. A summary of that report will be distributed to the entire college community. The results of the survey will be used for the self-study report and institutional planning. We thank you again for your participation and hope you will continue supporting and participating in our self-study process.

Acuerdo

On March 22, the Acuerdo meeting was held. Faculty, professional and administrative assemblies reported their assembly discussions on the Acuerdo mission and structure. In response to the administrative assembly's request, Jianping Wang briefly presented five theoretical models of governance and four

working models of community college governance. This is followed by a discussion and evaluation of our own governance structure—Acuerdo. The discussion and proposed changes of the structure were recorded in the meeting minutes which are available from Jianping Wang x5361. The Acuerdo urges all assemblies to review the proposal. The April Acuerdo meeting will produce the first draft of the proposal for revising the Acuerdo structure. Any comments will be greatly appreciated.

Announcements • Departments

Business Office

All students petitioning for graduation must have their balances paid in full. Students owing the College will be unable to participate in graduation ceremonies and will be placed on a "Business Office Hold" status until their balance is settled.

All Tuition Remission students will have to settle their balance in full prior to the registration of another semester. This means that all back payments of unpaid tuition and fees must be settled.

Students paying for the Spring '94 semester while registering for future semesters (6/94-9/94) should have their payments in the form of a Money Order or VISA/MASTER CARD payment. This will cut down on returned checks.

Quinton Wilder x5475

The registration payment policy has been revised for the Fall 1994 semester to allow students to register for classes before the Spring semester ends. The change will allow students to register without paying anything at registration. Billing for selected courses will be sent to students in June.

By taking part in early registration, students will enjoy the advantage of having your choice of courses and avoiding the long lines that often occur at registration in late August.

Early registration will take place during April 25th through April 29th. Please see your advisor to complete the registration form.

To take advantage of this new

policy, students must do one of the following:

1. Students receiving Financial Aid: If you plan to receive financial aid for the Fall 1994, you must pick up and complete a 1994-1995 FAFSA form from the Financial Aid Office (Administration Building Room 201). Once you receive your blue Student Aid Report, BRING the report to the Financial Aid Office, so that it can be processed. (Your financial aid file must be COMPLETE before your award can be applied toward your tuition bill).

Please note: It is extremely important that you complete your Financial Aid Paperwork in a timely manner. If your financial aid file is not complete or if the amount of financial aid for which you are eligible does not cover your bill, you will have to pay 50% of your tuition bill by July 15th or your course registration will be dropped.

2. Non Financial Aid Students: If you plan to pay for your courses yourself, you must either:

- Enroll in the college payment plan by July 15th (you must have a zero balance, prior to enrolling in one of the two RCC Payment Plan Services)
 - Pay 50% of your tuition/fee to the Business Office by July 15th.
- Important: If you have NOT enrolled in a payment plan or satisfied half of your bill by July 15th, your courses will be dropped.

This new policy applies only to Fall 1994 course registrations and not to Summer course registration.

You must have a zero balance and pay for Summer 1994 classes at time of registration.

Should you have any questions about early registration policy, please call or visit the Business Office/Administration building, Room 213, Phone: 541-5321.
